

Impact of COVID-19 on Arts & Culture Organizations

Why this survey?

The COVID-19 challenge is new to all of us. It's having massive impact - and we anticipate that recovery will not be easy.

Our goal at FAB is to be able to tell the story of the impact in the Lower East Side -- but we've designed this survey so that it can be used for other neighborhoods as well. So, please feel free to fill it out no matter where in NYC you are. We will gladly share results with others.

Capturing our data, our stories, and the financial details of our challenges is going to be critical in advocating for the arts and culture sector.

There are three other surveys also running at this time which you may want to support: ART/NY (theaters), DanceNYC (dance), and Americans for the Arts (national.)

Thanks. We're thinking about all of you.
your folks at FABnyc
